

Temple Dinners

Our exclusive hotel with meeting rooms was the first in Cambodia to organize Siem Reap Temple Dinners, offering an unforgettable dining experience in iconic temple settings such as Kravan or Bayon temple.

These unique venues provide awe-inspiring backdrops for impressing colleagues and guests, making for an unforgettable event. We have extensive experience in organizing such events, which can be arranged as seated dinners or cocktail parties. The highlight of the evening is an exceptional light and music show accompanied by traditional Apsara dancers, a captivating performance that truly brings the history and culture of Cambodia to life.

The hotel can provide a flexible gastronomic culinary experience tailored to your preferences and dietary restrictions. Choose from a range of Western and Asian dishes made from locally sourced products, with an emphasis on authentic Khmer cuisine prepared by talented local chefs. Our professional team of meeting planners will work closely with you to ensure that every aspect of your Siem Reap Temple Dinner is flawless, from the decor and lighting to the menu and entertainment.
